PROFESSIONAL SUMMARY

A driven final-year ICT student at Mangosuthu University of Technology with a proven track record of building and deploying real-world software. Winner of the MUT ICT Entrepreneurial Competition 2024 and AWS Summit Johannesburg 2025 attendee. Brings curiosity, initiative, and the ability to turn technical skills into solutions that genuinely work.

SOFT SKILLS

Communication & Presentation

Confident public speaker; translates complex technical ideas clearly to any audience.

Problem Solving

Breaks complex problems into practical, user-centred solutions under time and technical pressure.

Adaptability

Quickly acquires new technologies; thrives in fast-paced and evolving environments.

Leadership & Teamwork

Led a cross-functional team as Project Manager on UniVote; drives collaboration and accountability across every project.

Resilience & Work Ethic

Won 1st place in a competitive ICT competition against a predominantly male field, demonstrating grit and excellence under pressure.

Initiative & Entrepreneurship

Proactively builds solutions before being asked; consistently takes ownership and delivers beyond what is required.

TECHNICAL SKILLS

Frontend Angular · React Native · JavaScript · HTML · CSS	Backend Node.js · Firebase · PHP · SQL · PostgreSQL · Supabase	Mobile Flutter · Ionic · Android (Java) · React Native
Data Science & AI Python · ML · NLP · Computer Vision · Predictive Analytics	UI/UX & Design Figma · Adobe XD · Prototyping · Wireframing · Logo Design	Tools & Methods Git · Agile · Scrum · Kanban · Cloud Computing · Documentation
